† Vector's advanced features (Rally mode and Lap Timer mode) require the remote control.

LUXURY

TRAIL TECH VOYAGER MOTO-GPS

The Trail Rider's GPS

PREMIUM

VAPOR STRIKER VECTOR

Best-Sellers

They share most features like speedometer, trip distance, and engine temperature.

Choose by advanced feature: tach, voltage, or lap timer.

Available in Stealth Black

VALUE

ENDURANCE

Small size and only one sensor to install.

FEATURE SPECIFIC

Does one thing and does it well.

Tach/Hour,
Hour, or Engine
Temperature

VOYAGER

The Trail Rider's GPS

- Detailed Main Screen with Large Speed Readout
- Sensors Integrate with Vehicle
- GPS Mapping and Import/Export
- Mounts Below Bars to Resist Crash Damage

Voyager Kits: Motorcycle (Offroad-MX)

Mounted with Included Rugged Handlebar Mounting Hardware

Voyager Replacement Parts

Voyager - Replacement Head - Standard Color	9000-R
Voyager - Replacement Head - Stealth Color	9000-R2
Voyager - Replacement Li-Ion Battery	9000-B800
Voyager - Replacement Handlebar Mounting Hardware	9000-1000
Voyager - Replacement Power Lead - 1220mm	9000-1011
Voyager - Replacement Power Lead - 2550mm	9000-1012
Voyager - Replacement Ignition Sensor - 1800mm	9000-1021
Voyager - Replacement Ignition Sensor - 2550mm	9000-1022

Included In Kits:

Voyager Computer
MicroSD Memory Card
Ride Leader CD
Temperature Sensor
Wheel Sensor
Ignition Sensor
Vehicle Power Lead
7/8" Handlebar Mount
1-1/8" Handlebar Mount
User's Manual
Internal Li-Ion Battery

Sold Separately:

AC Wall Charger
Premium Mounting Solutions
External Antenna

VOYAGER

Mounted with 025-OEB6

025-OEB6

025-OEB6 bolts between the lower bar clamps and upper triple clamp plate. Fits clamps with a 100-106mm bolt spacing. It is useful for most Honda and MX motorcycles, although some aftermarket additions may cause fitment issues.

9000-ACA

Voyager Accessory Kits

Voyager - MicroSD Memory Card
Voyager - AC Adapter - USA Wall Charger
Voyager - External Antenna

9000-SDA
9000-ACA
9000-EAA

RIDE LEADER GPX EDITOR

View, organize, edit and share entire trail systems. This free GPS editing software is included on CD in kits and is available for free on the Trail Tech website.

It is useful to clean up tracks and for creating whole trail systems. The trail systems can then be imported into Voyager and followed along while riding.

Mounted with 025-OEB

025-OEB

025-OEB fits most KTMs and other motorcycles where the number plate screws into the front of the triple clamp.. If a headlight or number plate spacer is present, there should be plenty of room. Some models with a very close number plate may require modifications (add spacer or notch the number plate.)

Voyager Mount Kits

Voyager - Triple Clamp Mount Bracket - Front
Voyager - Triple Clamp Mount Bracket - Top
Voyager - 1.5 Inch Steering Column Mount

025-OEB
025-OEB6
025-OEB8

Voyager UTV Steering Column Mount 025-OEB8

025-OEB8 fits steering columns that are 1.5 inches (38.1mm) in diameter. Made from billet aluminum and hard anodized gloss black.

- Multiple mounting options - bolt-on, handlebar mounted and peel-n-stick applications
- Waterproof
- Smallest meter available with largest, easy to read display

- Works on all gas engines (including fuel injected four cycle engines)
- Tracks total hours on motor, non-resettable
- Measures tach up to 20,000 RPM in real time
- Remembers max RPM, resettable
- Spinning-arrow activity icon
- Adjustable display update speed (fast/slow)
- Adjustable tach pulse sensitivity (high/low)
- Works on all E.F.I. bikes

TTO Tach/Hour Meter

Fits All Gas Engines - Pickup Wire

TTO Tach/Hour Meter
12pc Case - Tach/Hour Meters - Countertop Display

72-A00
72C-A00

- Works on all gas engines

Magnetic Bolt (Polaris Predator and Trailblazer)	B011-P
Magnetic retainer (Honda XR's)	R011-XR
Magnetic retainer ('00 and up KTM, 3/8" hole)	R011-K

022-TM

Use 022-TM to mount to the top of the handlebar clamps. Fits most machines; requires 90-106mm bolt spacing. May require longer bar clamp bolts.

022-SO

022-P06

022-SO fits most KTM's and other motorcycles where the number plate screws into the front of the triple clamp. If a headlight or number plate spacer is present, there should be plenty of room. Some models with a very close number plate may require modifications (add spacer or notch the number plate.)

022-P06 bolts between the lower bar clamps and upper triple clamp plate. Fits clamps with a 100-106mm bolt spacing. It is useful for most Honda and MX motorcycles, although some aftermarket additions may cause fitment issues.

022-P05

022-P05 bolts to the top of the triple clamp using self-tapping screws.

Motorcycle Protectors for Vapor/Striker/Vector

Vapor/Striker/Vector Digital Gauge Sold Separate.

Motorcycle Protector - Mounts to any flat surface	022-SO
Motorcycle Protector - 90-106mm bolt spacing	022-TM

X2 MOTORCYCLE HEADLIGHT

- Available in dual-sport halogen, off-road halogen and off-road HID.
- MODEL-SPECIFIC X2 comes with switch harness and correct connectors - no cutting or splicing.
- DUAL-SPORT X2 comes equipped with E-Marked lights that meet DOT requirements for road use.
- Dual reflector design allows for optimum illumination of both near and distant terrain.
- Integrated brake line guide (long brake line recommended for X2 on MX bikes.)
- Quick-release fork straps and pin-stabilization system.
- 100% self-contained, race proven design.

Fit-All X2 GENERIC CONNECTORS FOR BROAD USE.

Kickstand Quality:

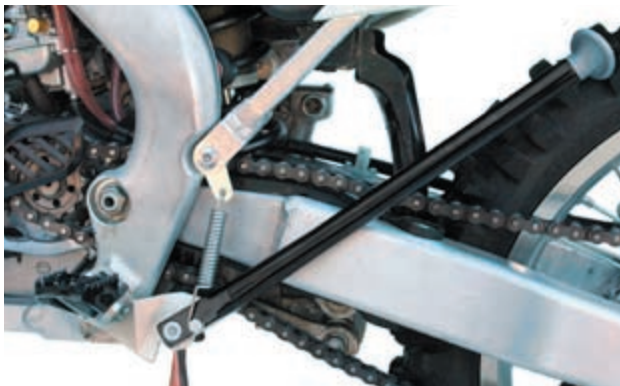

- Model-specific mounting - bolts directly to bike frame - does not clamp to vulnerable swing-arm
- Made from lightweight 7075 aluminum with hard oxide coating and gloss black finish
- Installs quickly using O.E.M. mounting points
- Aggressive steel spring keeps kickstand up while riding
- High strength chromoly mounting bracket
- High-impact nylon foot - no sharp edges

Kickstand Kits

GUARANTEED STRONG.

KTM Motorcycle Bar Clamps

- Raise those bars! You won't regret it
- KTM bar clamps raise bars by 1-1/4" above stock height
- Perches are reversible for front-back handlebar adjustment
- Allows mounting of Scott's Damper
- Removeable lower mount allows mounting of Scott's Damper and gauge dashboards 022-DB and 020-S0

Motorcycle Bar Clamps: 1-1/8" Handlebars

RAISE THOSE BARS! YOU WON'T REGRET IT.
Trail Tech KTM bar clamps raise the bars by 1.5 to 2 inches, depending on configuration (when used with medium-bend X-Bars.)

Protector, gauge, and damper sold separate.	WITH LOGO	NO LOGO

Medium Bend	790mm / 31.10"	95mm / 3.74"	40mm / 1.57"

Exhaust Flange Protector

The EFP protects the KTM Two Stroke exhaust flange from damage should the exhaust pipe receive an impact. KTM owners who have experienced a broken exhaust flange know that it will end the ride and leave the bike "open header."

The Trail Tech EFP is great insurance for any KTM 250/300 and is more economical than repairs or a new exhaust flange.

KTM Two Stroke 250/300 SX/MXC/EXC 04-05	010-005
KTM Two Stroke 250/300 SX/XC/XC-W/EXC 06-07	010-006
KTM Two Stroke 250/300 SX/XC/XC-W 08-11	010-007
